Good News - WE ARE OPEN!

After the Governor lifted the stay-at-home order on 6/1/20, the Branch County Parks Board has also decided that we can open for camping to self-sufficient camping units as of June 5, 2020. **We want everyone to be aware that all need to follow social distancing guideline.** This is for your safety as well as everyone else at the campground. The bathrooms/showers will remain closed for the time being. Playgrounds and pavilions will be open, again in the utmost care of social distancing. Please do your best to maintain the 6-foot distance. Adjustments to seasonal rates will be forthcoming. Thank you all for your patience during these trying times.
